

Goutam Saha, BTech, PhD from IIT, Kharagpur, had short Management Training at XLRI, Jamshedpur. During 1990-1994, he worked with Tata Steel. He joined faculty of Electronics and Electrical Communication Engineering ( E & ECE) at IIT Kharagpur in 2002. In 2006 fall semester, he was with University of Southern California, USA as a 'Visiting Professor'. He was also with Trento

University, Italy briefly as a 'Visiting Scientist'. He has given many invited lectures in India and abroad. His research interest includes analysis of heart, lung, neuro, speech and audio signals with collaboration from India and abroad. He published papers in leading international journals & conference proceedings, co-authored two popular textbooks published by Tata McGraw-Hill, and filed several patents and also, copyright. His work was declared a winner in DST-Lockheed Martin India Innovation Growth Program, selected for Rashtrapati Bhavan exhibition, became editorial article of peer reviewed research journal, and was covered in leading media. His interview was aired in weekly science program of German SWR2. His innovation features in India Innovates Youtube channel. He has to his credit technology transfer of his patent and copyright.

Prof. Saha has won many research grants for his own research work and also, for mega-initiatives at institute level. While E & ECE remains his core expertise, he has taken keen interest in the field of Intellectual Property Rights (IPR). Since 2011, he has been part of various funded projects related to IPR as joint investigator for which he worked together with a large number of faculty members of Rajiv Gandhi School of Intellectual Property Law (RGSoIPL) at IIT Kharagpur. Prof. Saha has served many administrative positions over the years. These include: Professor-in-Charge, Intellectual Property Rights & Industrial Relationship; IPR Chair Professor; Coordinator, Signals & Systems for Life Science; Coordinator of National Service Scheme (NSS) and NSO Health & Fitness at IIT Kharagpur. At National level, he served as Coordinator cum Convener of IMPRINT-India Healthcare Technology domain and also, as experts in various committees. Currently, he is serving as one of the vice-chairmen of institute ERP and also as Dean of RGSoIPL.

Prof. Saha's research interest, project activities, publication etc. can be found at his [IIT Kharagpur webpage](#) and [Google Scholar profile](#).
